SUMMARY

Dynamic Software Engineer with over 5 years of experience in crafting innovative web applications. My expertise lies in utilizing cutting-edge technologies, including Node, React, Typescript, JavaScript, SQL, and NoSQL, to create immersive experiences that drive user engagement and exceed client expectations. I am deeply passionate about leveraging technology to solve complex real-world problems.

PROFESSIONAL EXPERIENCE

Upwork

January 2024 - Current

Freelancer

- Engineering an AI property analyzer to analyze millions of properties, transforming the real estate forever.
- Spearheading the transformation of existing code to a mono repo, for enterprise-level scale.

Tkxel

April 2023 - January 2024

Senior Software Engineer

- Engineered a design system with design tokens, resulting in consistent design overall and 60% code reusability.
- Shipped a module for an enterprise app, that instigated an impressive 50% speed increase with enhanced UI/UX.
- Initiated the development of test suites that manifested in 30% fewer bugs in production and robust code overall.

Emerald Labs

July 2022 - April 2023

Senior Software Engineer

- Orchestrated the development of 3 scalable web apps, yielded 15% user retention with a 30% revenue spike.
- Optimized code structure and quality, instigated 30% bug reduction, and provoked 70% code maintainability.
- Architected scalable schemas and NodeJs APIs, sparked faster response times, and increased user scalability.

LAAM

June 2019 - June 2023

Software Engineer

- Utilized data visualization techniques, slashed analysis time by 50% for analysis, catalyzing a 15% surge in sales.
- Coordinated with C-level executives to drive substantial profits, averaging 2M+ daily sales in just 2 years.
- Mentored fellow engineers, contributing to overall success with effective communication and team strategy.

SKILLS

- Typescript, Javascript, Sql, Html, Css
- Mysql, Postgres, DynamoDb, MongoDB, Firebase
- NodeJs, Express, REST API, GraphQL, Docker, CI/CD, React, Chakra UI, Ant Design, Redux, Zustand, Tailwind, React Testing Library, Storybook, Tanstack, Seo, Git, Postman, Jest, Shopify, AWS Cloud

EDUCATION

Bachelor of Computer Science (BSCS) | FCCU, A Chartered University

July 2015 - July 2019
